Espresso revolution

The brand new Crem espresso machine - EX3 - has been thoroughly and carefully designed. Not only from a technical point of view, but also taking into account a 360 project approach, which has eventually lead us to this exciting new concept line within the Crem espresso portfolio.

The EX3 is an attractive and extremely versatile professional espresso machine. Featuring a smart design concept, it can be easily customized, and manufactured, through the combination of a wide range of different options, both external (number of groups, colours and finishings, lighting, etc.) and technical. Thus, the EX3 is aimed to suit any kind of business with an espresso demand, whether an independent café or a national coffee shop chain.

Ergonomics and user experience have been also key on this project. Following Crem's own standards of performance, the EX3 features innovative, highly tested technologies in order to deliver a superior in cup quality.

The EX3 has been awarded by the IF DESIGN AWARDS 2020 and the Red Dot Industrial Design Awards 2020.

In short

- Optimized and stylish design line
- Wide range of external and technical customizable options
- Crem highly tested hydraulics, including:
 - 1/2 rotatory knobs
 - Cool touch wands
 - Improved drainage solution
- Ease-of-servicing

Features

- **MODULARITY.** Thanks to its modular design, the EX3 is more than flexible and can meet the bespoke needs of a business. From the compact Mini 1group version to the high capacity 3 group.
- **CONTEMPORARY.** Stylized design lines for a new concept of espresso machines.
- **ERGONOMICS.** Every element and detail has been designed to take into account usability and the barista experience.
- **COMPACT.** The EX3 features improved proportions and balanced dimensions, optimizing every component to make it both attractive for baristas and accessible for service tasks.
- **CUSTOMIZABLE.** Available in a wide range of options and extras:
 - Keypad: Control or Display (PID controlled)
 - Group height: Standard or Take Away (High group)
 - Pressure gauge: Single or Double.
 - Steam / Levers and HW controls: All available in black, white or wooden (oak, walnut) finishings. Extra wand (except Mini 1GR)
 - Colours: A wide range of colour and combinations available.
 - Body covers: Oak, walnut, brushed aluminium
 - Barista lights.
 - High feet / Hidden feet.

Crafted For Every Taste
